

NOTICE OF HIPPA PRIVACY POLICY PATIENT INFORMATION RELEASE

Babylon Physical Therapy utilizes an "Open-Adjusting" environment for ongoing patient care. "Open Adjust" involves several patients being seen in the same adjusting room at the same time. Patients are within sight of one another and some ongoing routine details of care are discussed within earshot of other patients and staff. This environment is used for ongoing care and this is NOT the environment used for taking patient histories, providing examinations or presenting reports of findings. These procedures are completed in a private, confidential setting. The use of this format is intended to make your experience with our office more efficient and productive, as well as to enhance your access to quality health care information.
